Features & Benefits:

- 100% edible ingredients
- Smooth opaque finish
- Ready to use

Storage: Store in a dry, dark place to help maintain color and consistency.

Handling Procedures: SHAKE THE TUBE WELL AND OPEN THE TUBE OF PAINT UPRIGHT. Cut the tip to size, then carefully pour the paint into painter's palette. For a faster drying time, apply a thin coat of paint to your surface. If a second coat is needed, wait for the first coat to dry.

Shipping: Retail orders will ship via UPS, ground 3-5 days (US only). All other orders will be FOB from Chester, NY. You are free to choose your own freight company and pay transportation directly. You are required to keep all scheduled pick up dates. If pickup scheduled is not met, penalties may apply. Satin Fine Foods can offer comparative transportation rates and transportation charges will be added to the product invoice.

Temperature for distribution and warehousing: Product should be stored/warehoused below 90° F. The temperature of the product is important mostly to the end user and should be below 90° F before handling.

Facility: Our 100,000 sqft custom built facility is Nut Free, Kosher & FSSC 22000 Certified.
